Political history - Wikipedia
Political history is the narrative and survey of political events, ideas, movements, organs of government, voters, parties and leaders. It is closely related to other fields of history, including diplomatic history, constitutional history, social history, people's history, and public history. Political history studies the organization and operation of power in large societies.

Diplomacy - Wikipedia
Diplomacy refers to spoken or written speech acts by representatives of states (such as leaders and diplomats) intended to influence events in the international system.

Diplomacy is the main instrument of foreign policy and Global Governance which represents the broader goals and strategies that guide a state's interactions with the rest of the world. International treaties, agreements
